

Grain Augers

H 13" Series | Hydraulic Scissor Lift

Model 1392

Moving the Nation's Grain...

H Series Features

All 'H' Series are Hydraulic Scissor Lift

Easy hook clevis hitch with a heavy duty PTO drive line.

High Strength Axle Extensions— Extends two feet on each side for superior stability.

Low Profile Hopper 66" x 41" x 11.5" with Flat Free Tires

Our scissor lift features heavy duty construction. Designed for customer protection and peace of mind. The scissor lift also has better reach than the equivalent A frame augers. It also features heavy axle and deluxe rims with new tires.

High strength backbone and lateral cables.

Top auger to bin anchor allows user to secure auger in position.

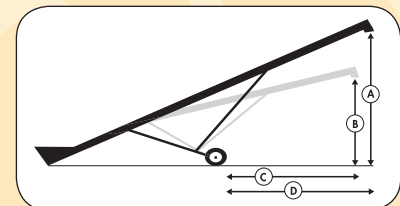

Anti Settling Shut-off Valve

Other Features:

- Entire Auger Constructed with 12ga Tube
- Powder Coat Plus™
- Extended Lube Hopper/PTO Knuckles (50 hrs)
- Non-rub Cable Attachments
- Iron Edge™ Flyting – Up to 50% Thicker Edge throughout entire Auger
- Tapered Bearing Gearbox
- Upper Discharge Anti-Dent Wear Strip
- Heavy Duty Hand Brake Winch
